Forward proposals for the distribution of Town Improvements grants and Water Supply grants for the year 1962-63

1) The Dy Commrs of Dists and the Director of Public Health have submitted proposals for the distribution of the Town Improvement grants and the Water Supply grants during the current year. The proposals in respect of the distribution of the provision of Rs 2,50,000 made in the State Budget for the current year for the improvement of water supply in towns have been worked up and submitted to Govt separately.

Water supply grant

2) There is a provision of 2 lakhs of rupees (Rs 2,00,000) made in the current years State Budget for Improvement of towns and it is proposed to distribute the grant amongst the various Unions both town and min

according to the importance and urgency of the several improvement works, having regard to the finances of the Concerned Mdgs

3) The several town improvement works have been classified into three groups (Viz) (1) the Town Improvement works in respect of which Commitments have been made by Govt The Statement flagged '5' shows the details of these Commitments and the total amount required for these works during the current year is Rs 47,755 This amount has to be sanctioned in preference to other items (2) The Town Improvement works which have already been sanctioned during the Current year on their individual merits The statement flagged 7 shows the details of these works and the total amount sanctioned so far is Rs 74,893-8-0

(3) The Town Improvement works in respect of which grants grants have been proposed to be sanctioned by the D C/S of Dsh and the D. of P H A large no of town improvement works have been recommended to be taken up during the current year and the total of items Nos 1 and 2 amounts to

Rs 47,755
Rs 74,893/8
Rs 1,22,648/8

and the balance available for distribution Rs 77,3

2,00,000
1,22,648
Rs 77,352

(VI) As the reserve is not sufficiently large it is rather difficult to accept all the proposals made by the Dy Comms and the Dir of P.W. Hence a selection has been made from the proposals made. All the proposals down improvement works in respect of which plans and estimates have been prepared and the Concerned Mdy has come forward to pay its quota except only a few items, which have to be postponed as the reserve is small have been included amongst the items now to be sanctioned. Proposals involving small outright grants to particularly to the minor Mdys which are unable to bear any portion of the Cost have also been included. Proposals involving heavy expenditure and costly schemes for the town improvements have been omitted and they might perhaps be considered afterwards and an additional grant for these works will have to be asked for later on. An attempt has also been made to see that there is a fair distribution among the several Mdys and the Dists. The Dists of Hassan, Mandya and Mysore and Shimoga do get a large share this year while the Kolar Dist gets the lowest quota

7	Mandya Dist	5, 180
8	Shimoga Dist	9, 000
9	Mysore Dist	9, 800
		Rs 75, 398

6) As there is a balance of Rs 77,352 over and above the amount of Rs 47,755 required in respect for the town improvement works in respect of which Commitments have been made a total grant of Rs 75, 358 may perhaps be sanctioned and distributed to the several Mofussil in the State.

7) The proposals are submitted for favour of orders

8) The amount allotted in the State Budget under Town Improvement for the year 1942-43 was

No. 184

- 6 APR 1943
No. 8545

1) Savings to the extent of Rs 1,56,000 are expected under grants for public improvements for which agreements for the Bangalore city drainage works & many town improvement works are pending sanction for want of funds. The resources of the City Improvement Trust Board have also already been taxed to the utmost limit. The savings can be utilised as supplementary grants to the same municipalities for some of the urgent town improvement works regarding which representations have been made to the Government during their tours. I would like to know from the Revenue Secretary whether the Government can agree to this proposal.

Subject Town Improvement and water supply grants for 1942-43

With reference to your letter No L 366-74 dated 14-7-1942, calling for statements showing the Town Improvement and water supply grants required by the several Municipalities in the District for the year 1942-43, I have the honour to forward herewith the statements and to state as follows -

1 The Mandya Municipality propose to take up under ground drainage scheme in the Bannur Extension and a sum of Rs 12,500/- being the Municipal quota has been provided for and sanctioned by Government in the current year's budget The necessity for proper drainage in the Bannur Extension is keenly felt and there is also a loud complaint from the Public that the health of the locality has been very much affected by the absence of proper drainage As the Municipal Council is ready to bear the moiety of the cost, I recommend that Government grant of Rs 12,500Ø- may kindly be sanctioned

2 The Municipal Council, Mandya, have undertaken slum clearance work at an estimated cost of Rs 13,000/- They have already incurred expenditure in acquiring some properties A recommendation for a grant had been made during last year also but no grant was sanctioned This is an important and very urgent work The Minister for Local Self Government who was pleased to visit this area during one of his visits to Mandya Town observed that immediate action was called for in the matter in the interest of public health The Municipal quota has been provided for and sanctioned in the current year's budget and I recommend that as a special case, the moiety of the cost of Rs 6,500/- may be sanctioned out of the Town Improvement grants for 42-43

3 As regards Malavally Town Municipality, an out right grant of Rs 3000/- may kindly be sanctioned for acquisition of lands required for forming an Extension as the resources of the Municipality are too meager

4 In the case of the drainage scheme in Belakavadi Town, I invite kind reference to my letter No A5 225/41-42 dated 5-8-42, The recommendation for a grant of Rs 5,300/- made therein may kindly be sanctioned

P T O

5 The I stage of the draingge scheme of Maddur Municipality was completed some time ago and for want of funds, the second stage has not been taken up I discussed the question with the Sanitary Engineer when he had been here on 23-7-42, and he informed me that the second stage cannot be taken up at present and suggested that septic tanks may be constructed for the present at a total cost of Rs 5000/- An outright grant of Rs 5000/- may therefore be kindly sanctioned

6 With regard to the drainage scheme of French Rocks I write to state that a separate recommendation for a grant of Rs 11,350/- has been made in this office No A5 6675/39-40 dated 7-7-42, and request that it may be sanctioned

7 An outright grant of Ps 2000/- may kindly be sanctioned to Seringapatam Municipality for slum clearance

8 It is proposed to form a road by acquiring certain properties in Nagamangala Town at an estimated cost of Rs 3,180/- As the financial position of the Municipality is not favourable I request that an outright grant may kindly be given

9 As regards Melkote, the Municipal Council is not in a position to provide funds for any improvement work on account of their slender resources An outright grant of Rs 1000/- may therefore be kindly sanctioned

10 In this connection I wish to state that except for Seringapatam Municipality no grants were sanctioned to other Municipalities during last year The cases of Minor Municipalities deserve sympathetic consideration from Government I recommend that as the works detailed above are of urgent necessity & have to be taken up during the current year, the grants recommended may kindly be sanctioned

11 An outright grant of Rs 1000/- may kindly be sanctioned to Krishnarajpet Municipality for carrying out the works noted in the enclosed statement (construction of a culvert, mutton stalls and public latrines) The municipality are not in a position to contribute any portion of the cost of these works owing to their poor finances

12 As regards the water supply grants for 42-43, the cases of Mandya Town, Melkote and Krishnarajpet deserve favourable consideration The water supply scheme of Maddur has to be dropped owing to the non-availability of materials The Sanitary Engineer is also of the same opinion However I leave it for the consideration and orders of Government

13 As regards commitments made by Government in respect of works in progress, except the formation of out skirt road in Mandya, there is no other work in progress for which Government have promised grants Government in their order No L 1519-21/M1 102-42-18 dated 2-8-42, have sanctioned a sum of Rs 1900/- for the construction of a Municipal office at Belakavadi and a sum of Ps 2000/- for the formation of an out skirt road in Mandya in their order No L 1750-2/M1 102-42-2 dated 8-8-1942

No Commitments

Sir,

TOWN IMPROVEMENT GRANTS FOR 1942-43

With reference to your letter No L 366-74 dated the 14th July 1942, on the subject, I have the honour to state as follows -

NANJANGUD TOWN MUNICIPALITY

Government were pleased to sanction in their order No L 3925-8/M1 94-40-3 dated the 19th November 1940, an estimate for Rs 32,450/- towards the construction of drains in certain parts of this town the cost being met by Goverment and the Municipality in equal proportions Out of the quota of Rs 16,250/- to be borne by Government grants of Rs 8,000/- and Rs 6,025/- were sanctioned during the years 1940-41 and 1941-42 respectively A further sum of Rs 2,225/- will have to be granted this year to make up the quota due by Govemment

The construction of under-ground drains in the Bazzar Street is an urgent necessity An estimate for Rs 9,600/- prepared by Bureau of Sanitary Engineering has been submitted to Government with this office No D3-3404/41-2 dated the 9th September 1942 for kind sanction

Besides these the Municipal Council have been urging for the grant of Rs 18,500/- for the following works:-

No	Name of the work	Estimated cost	Amount of Govt grant applied for
		Rs	Rs
1	Construction of a Vegetable market	15,000/-	7500/-
2	Opening Conservancy lines	10,000/-	5000/-
3	Further Drainage works	12,000/-	6,000/-
	Total	37,000/-	18,500/-

CHAMARAJANAGAR TOWN MUNICIPALITY — This Municipal Council have been repeatedly urging for the completion of the drainage scheme for the town Five stages of the scheme have so far been completed and the Council is anxious to take up the sixth stage at a cost of Rs 20,000/- this year The resolution of the Municipal Council in this respect has been submitted to Government with this office No D3-1566/39-40 dated the 10th September 1942 The Council have also asked for a Government grant of Rs 1,500/- for removing congestion and forming roads at a cost of Rs 3,000/- during the current year

GUNDLUPET TOWN MUNICIPALITY — This Municipal Council did not secure any Government grant for over a decade The Municipal Council have urged for taking up the drainage work this year An estimate for Rs 17,775/- prepared by the Bureau of Sanitary Engineering is pending sanction of Government The Municipality has sufficient funds to meet the moiety of the cost. The other half may be sanctioned out of the allotment under Town Improvement grants for the current year

HUNSUR TOWN MUNICIPALITY

The Municipal Council have applied for grants for the following works

No	Name of the work	Estimated cost	Amount of Govt grant applied for
		Rs	Rs
1	Improving shandy ground	5,300/-	2,650/-
2	Replacing the Country tiled roof of Female dispensary by Mangalore tiled roof	1,800/-	900/-
3	Replacing the Country tiled roof of Municipal Office by Mangalore tiled roof	1,800/-	900/-
	Total	8,900/-	4,450/-

SARAGUR MINOR MUNICIPALITY

Saragur is a town with a population of 3,033 situated in the interior part of Heggadadevankote Taluk i e , in the heart of the Malnad parts of this taluk The Municipal Council have been repeatedly urging for the construction of a building to serve as Town Hall and Municipal Office An estimate for Rs 4,700/- is pending sanction A sum of Rs 2,350/- may kindly be given as Government Grant for this purpose as a special case

MUGUR MINOR MUNICIPALITY

The Municipal Council had been superceded for the past 7 years The Council have commenced to function since the 5th September 1942 The town has a population of over 4,000 and has ample scope for further growth on account of Silk Industry which is rapidly developing in these parts The Municipality does not possess a convenient building to hold its office As the Council have commenced to function, it is absolutely necessary for the Municipality to have its own building An

estimate for Rs 2,880/- has been prepared by the Executive Engineer, Mysore Division, Mysore The Municipality has sufficient surplus funds to meet moiety of the cost A sum of Rs 1,500/- may kindly be sanctioned as Government grant for this building

There are eleven more minor Municipalities in this district which are in urgent need of several improvement works Government have been making a lump-sum grant of Rs 3,000/- per year for the past two years This amount is too inadequate The allotment may kindly be raised to Rs 5,000/- during the current year

WATER-SUPPLY GRANTS

All fresh schemes of water-supply will have to lie over for the present on account of non-availability of the required machinery and materials in the market Chamarajanagar Water Supply Scheme has therefore been dropped for the present and the proposals made by the Municipal Councils of Nanjangud and Krishnarajanagar to have duplicate mains for improving the water-supply to these towns have to be held in abeyance Leaving these out of consideration the following are the items for which allotments have to be sanctioned for the current year

Government have been pleased to sanction in their order No L 11036-9/M1 71-41-8 dated the 20th May 1942, an estimate for Rs 8,480/- for the annual maintenance of the Nanjangud Water Supply Works fixing the Municipal Quota at Rs 4,978/- The balance of Rs 3,502/- has to be met from Government Grant The payment of annual maintenance charges of Krishnarajanagar Water Works has become a complicated problem The arrears which amounted to Rs 9,800/- at the end of 1939-40 increased to Rs 12,200/- by the end of 1940-41 and to Rs 15,600/- by the

I Koramangala and

1 Development of the catchkat under the tank for utilising the lands for growing veg tables by forming small plots that could be leased out

2 To drain away the tank bed properly so that the tank bed may be utilised for cultivation; plough up the land with a tractor, divide the land into small plots so that they may be leased out for vegetable gardening Sewage water to be allowed to be used from the approach channel

II Main Drain

The old main drain which is having a serpantine course to be ~~serpentine~~ canalised

III Sunkal Farm

The Sewage Grass Farming be allowed to continue in Sunkal Farm till the end of June 1943 but arrangements to be made by the Horticultural Department to irrigate the lands in such a way that stagnation of water on land is not permitted by dividing the Sewage Farm into smaller plots so that drainage may be facilitated

IV The Horticultural Department to take up development of sewage farm in the tank bed of Koramangala so that the Sewage Farming in Sunkal Farm may be given up from June 1943

To put up a programme of work for utilising the money on hand that is, the grant given by Government and the contribution amount from the Municipality and extend sewage system to western Basavanagudi and Chamarajapet and if possible to Malleswaram

VI Attempts to be made to get cement to continue the main ovoid sewer and if cement is not made available to proceed with the extension of sewerage system in other parts where the work is still to be undertaken

for the Current year, under the
Head 30- Grants for Public
Improvements - Improvement
of Town and Minor Mkts"
has been fully distributed and
no reserve is available under
this head for further improvement
works being taken up

2) A Savings of 1 75 lakhs
of Rupees is, however, anticipated
out of the provision of Rs 3,65,000
made in the State Budget for the

Sir,

With reference to your letter No. L 5557/41 LOC-40-117 dated 1-7-44 regarding the credit of the additional grant for certain improvement works sanctioned in G.O.L 60-77/41 LOC-4-Lic dated 6-7-44, I have the honour to state that the Bill for drawal of the grant was received from the President Ramanagaram on 24th of this month and as such the amount could not be adjusted before 25th as instructed in the letter referred to above. As there were holidays on 22nd 24th & 25th the amount could not be adjusted before the date fixed. I have countersigned the bill and have instructed the President to adjust the amount immediately. I request you kindly to ratify my action in having countersigned the bill.

I have the honour to be,
Sir,
Your most obedient servant
